ALL DIMENSIONS ARE IN INCHES *MEASURED TO CENTER OF OUTLET

deck drains are made to or modified from Buships Dwg. No. 810-1385789. All drain types (A, B, C, etc.) can be made in aluminum, bronze, Cu-Ni 70-30, monel 30-70 or stainless steel. All bronze deck drains have a carbon steel welding sleeve cast on them. Stainless steel welding sleeves are available as an option. Standard sil-braze outlets can be modified to meet your requirements. Wrenches for deck drains having valves are available and should be ordered separately. Spare parts are available for all deck drains.
